**Responding to Person Centred Holistic Care**  
**Focusing on:**  
**DSM-V Code V62.89**  
**Religious or Spiritual Problem**  
**&**  
***National Framework for Recovery***  
***Orientated Service***  
***Domain 2***

## Aims and learning objectives

- 1) *To increase understanding of what DSM-V Code V62.89  
"Spiritual or Religious problems" can include.*  
*&*
- 2) *To develop an understanding of Religious and Spiritual beliefs  
& issues enabling open and valuable discussion*

The Ancient Greek word "psyche" refers to the human soul or spirit.  
Thus psychosis literally means "give soul or life to".  
Psychiatry was originally understood to mean "healing of the soul".  
(John Watkins Unshrinking Psychosis p 203).
